

# Announcement of the Head of the Department Physical Education and Sport of WPUT in Szczecin of 1st October 2020 on the introduction of a procedure for dealing with suspected coronavirus infections in the Department of Physical Education and Sport of WPUT in Szczecin

Pursuant to Ordinance No. 82 of the Rector of WPUT of 9th June 2020 on the introduction of an epidemic safety procedure for the organization of teaching and research work and the work of the administration during the period of the announced state of the epidemic in the territory of the Republic of Poland in connection with SARS-CoV-2 virus infections, a procedure is introduced in case of any suspicion of a coronavirus infection in the Department of Physical Education and Sport of WPUT in Szczecin.

## §1

1. If, while staying in the facilities of the Department of Physical Education and Sport of WPUT in Szczecin, any of the following persons experience disturbing symptoms (cough, fever, muscle aches, shivers, loss of the sense of smell and taste) indicating SARS CoV-2 infection:
  - a. students,
  - b. employees,
  - c. lessees,
  - d. clients,

such a person:

- a. shall be moved away from work/business immediately,
- b. isolated in a specially prepared room - the Isolation Room - room 110 in the building of the Department of Physical Education and Sport of WPUT in Szczecin.

## §2

1. In a situation when the state of health does not require the assistance of the State Medical Rescue Service, the person concerned shall immediately:
  - a. go home by private transport,
  - b. stay at home and have a telephone appointment with the doctor,
  - c. inform the Head of the Department of Physical Education and Sport of WPUT in Szczecin by e-mail or phone about an imposed order of home isolation, quarantine or hospitalization related to SARS CoV-2 together with a register of persons having direct contact with the person referred to in §1.

### §3

1. If the person's health condition becomes worse:
  - a. an ambulance shall be called for transport to the nearest hospital,
  - b. the relevant district sanitary and epidemiological station shall be informed with a view to conducting an initial epidemiological interview.
